Natural Resources Agency									
Urban Greening Program for Sustainable Communities	On behalf of the Strategic Growth Council, the Program grants funds for urban greening plans and projects in urban areas that provide multiple benefits, including but not limited to, a decrease in air and water pollution, a reduction in the consumption of natural resources and energy, an increase in the reliability of local water supplies, or an increased adaptability to climate change.	Grant	<u>Projects</u> : cities, counties, nonprofits, JPAs, special districts <u>Plans</u> : cities, counties, nonprofits, council of governments, countywide authority, MPOs, JPAs, special districts	Round 3 solicitation scheduled to begin in Fall 2012	None	Proposition 84	\$20 M to be available in Round 3.	\$0	www.resources.ca.gov Email: urbangreening@resources.ca.gov Phone: 916-653-2812
Department of Conservation									
California Farmland Conservancy Program (CFCP)	The CFCP provides grant funding that supports the long-term, private stewardship of agricultural lands through the use of agricultural conservation easements. Grants fund both agricultural conservation easement purchases and planning projects which increase the capacity of local land trusts which hold easements.	Grant	Local governments and private nonprofit (501(c)3) organizations which have among their defined purposes the conservation of agricultural lands.	Continuous	Planning grants have a maximum of \$100,000.	Propositions 40	Less than \$5 M of current appropriations remain unallocated; new projects are being considered for future appropriations.	\$0	http://www.conservation.ca.gov/dlrp/cfcp/Pages/index.aspx Email: cfcp@consrv.ca.gov Phone: 916-324-0850
Strategic Growth Council - Sustainable Communities Planning Grants and Incentives	On behalf of the Strategic Growth Council, the Department of Conservation provides planning grants and planning incentives to encourage the development of regional and local land use plans to promote water conservation, reduce automobile use and fuel consumption, encourage greater infill and compact development, protect natural resources and agricultural lands, and revitalize urban and community centers.	Grant	Cities, counties, JPAs, Councils of Governments, MPOs, Transportation Planning Authorities	Round 2 of 3 has been awarded. Solicitation for Round 3 is expected to be released sometime in fiscal year 12/13.	Minimum \$100,000; Maximum \$1 Million (The Council may consider requests in excess of this amount if two or more applicants combine efforts.) Energy Commission									
Geothermal Resources Development Account (GRDA)	The funds for this account come from revenues paid to the United States government by geothermal developers for leases on federal land in California. Practically all aspects of geothermal research, resource development, demonstration, commercialization, planning, environmental enhancement and impact mitigation are eligible for funding. However, in order to assure that geothermal energy adequately contributes to meeting California's ambitious Renewable Portfolio Standard (RPS) goals, certain research and technology challenges must be addressed quickly. For that reason, focus areas have been identified to encourage research proposals within those areas.	Grant	Private entities, including individuals and private for-profit organizations; local jurisdictions including cities, counties, school districts and special districts, regional planning agencies, and public utility districts; EXCEPTION: any public utility that generates more than 50MW of electricity for sale is not eligible to apply	Solicitations are generally offered every other year. Last solicitation was 1/5/11.	Up to \$3 million available; GRDA funding will be divided into three Project Categories: 1) Resource Development, 2) Planning, and 3) Mitigation.	Public Resources Code section 3800 et seq. created the Geothermal Resources Development Account (GRDA) .	\$3 million	TBD	www.energy.ca.gov/contracts/geothermal.html Email: jhingtge@energy.state.ca.us Phone: 916-327-1434

Community Forest and Open Space Conservation Program	Community Forest Program (CFP) is a competitive grant program whereby local governments, qualified nonprofit organizations, and Indian tribes are eligible to apply for grants to establish community forests through fee simple acquisition of private forest land. The purpose of the program is to establish community forests by protecting forest land from conversion to non-forest uses and provide community benefits such as sustainable forest management, environmental benefits including clean air, water, and wildlife habitat; benefits from forest-based educational programs; benefits from serving as models of effective forest stewardship; and recreational benefits secured with public access.	Grant	Local governments, qualified nonprofit organizations, and Indian tribes	March 2012	Individual grant applications may not exceed \$400,000	Federal/USFS	\$3.15 million (nationally) Applications closed for 2012.	\$3.15 million (nationally)	http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php Email: jeff.calvert@fire.ca.gov Phone: 916-653-8286
Forest Legacy Program	The purpose of the Forest Legacy Program (FLP) is to protect environmentally important forestland threatened with conversion to non-forest uses, such as subdivision for residential or commercial development. To help maintain the integrity and traditional uses of private forestlands, the FLP promotes the use of permanent conservation easements. These easements provide a tool to help preserve the rich heritage of private forests. The program is entirely voluntary. Landowners who wish to participate may sell or transfer particular rights, such as the right to develop the property or to allow public access, while retaining ownership of the property and the right to use it in any way consistent with the terms of the easement. The agency or organization holding the easement is responsible for managing the rights it acquires and for monitoring compliance by the landowner. Forest management activities, including timber harvesting, hunting, fishing and hiking are encouraged provided they are consistent with the program's purpose.	Grant	All landowners of forested properties	Summer 2011	No minimum/\$7,000,000 max	Federal competitive grants	Grants are awarded on a project by project basis by Congress. Land Acquisition Program	Statewide - This program acquires real property or rights in real property on behalf of the Department of Fish and Game (DFG) and also awards grants to other governmental entities or nonprofit organizations to acquire real property or rights in real property. All acquisitions are made on a "willing seller" basis pursuant to the appraised fair market value. The acquisition activities are carried out in conjunction with the DFG, which generally entails DFG evaluating the biological values of the property through development of a Land Acquisition Evaluation (LAE, used for a single piece of property) or a Conceptual Area Protection Plan (CAPP, used for multiple properties). Once these evaluations are completed, they are submitted to DFG's Regional Operations Committee for review and approval. If approved, they are sent to WCB with a recommendation to fund. Concurrently, the WCB meets with DFG to evaluate and set acquisition priorities as new opportunities arise.
